Name: _____

TANGY TUESDAY™

NUMBER BUDDIES

Step-by-step examples at tangmath.com/puzzles

PACK	LEVEL	WEEK
2	A	1

Draw lines to match each clue in the center
with exactly one number on the left and one number on the right.
It takes clever thinking to find the right Number Buddies for each clue!

The diagram shows three clues in the center, each in an oval:

- Greater than 6
- Less than 10
- Equal

On the left are the numbers 3, 12, and 5. On the right are the numbers 8, 5, and 2.

Red lines and red X marks indicate the following connections:

- A red line connects 3 to Greater than 6.
- A red line connects 12 to Greater than 6.
- A red line connects 5 to Equal.
- A red line connects 8 to Greater than 6.
- A red line connects 5 to Less than 10.
- A red line connects 2 to Equal.

Red X marks are placed over the connections between 3 and 12, and between 5 and 2.

Name: _____

SQUARE
