

Trick or Treat!

Can you solve using ONLY mental math? (+++ ++)

$$\frac{\text{Witch Hat}}{\text{Pumpkin}} + \frac{\text{Witch Hat}}{\text{Pumpkin}} = \frac{\text{Pumpkin}}{\text{Pumpkin}}$$

$$\frac{\text{Pumpkin}}{\text{Witch Hat}} - \frac{\text{Witch Hat}}{\text{Witch Hat}} = \frac{7.5}{\text{Witch Hat}}$$

$$\frac{\text{Pumpkin}}{\text{Pumpkin}} + 4 \times \text{Witch Hat} = \underline{\hspace{2cm}}$$
