Greg Tang **K-6 MATH**

Summer Curriculum

TANGMATH.COM SUMMER PROGRAM

-  Strategic and sensible 16-lesson curriculum that teaches and reviews key concepts for grades K thru 6.
-  Models concepts concretely, pictorially, and abstractly with TangMath.com's powerful tools & technology.
-  New, teacher interface provides point-and-click access to all teaching tools, video lessons, and online games.
-  75-page student book for each grade level provides hours of meaningful practice and challenging enrichment.
-  Includes empowering, on-demand, virtual math lessons taught by Greg Tang to 500,000 students this spring.
