

Name:

A.

$$5 + 1 = \boxed{6}$$

B.

$$2 + 5 = \square$$

C.

$$1 + 8 = \square$$

D.

$$6 + 4 = \square$$

Name:

A.

$$7 + 2 = \square$$

B.

$$4 + 4 = \square$$

C.

$$1 + 5 = \square$$

D.

$$2 + 8 = \square$$

Name:

A.

$$4 + 2 = \square$$

B.

$$7 + 1 = \square$$

C.

$$3 + 6 = \square$$

D.

$$5 + 5 = \square$$

Name: \_\_\_\_\_

Imagine the parts on the ten frame. How many in all?  
Draw to check your thinking.

a.  $5 + 1 = \underline{\quad}$

b.  $6 + 2 = \underline{\quad}$

c.  $4 + 5 = \underline{\quad}$

d.  $1 + 7 = \underline{\quad}$

e.  $3 + 6 = \underline{\quad}$

f.  $2 + 5 = \underline{\quad}$

Name: \_\_\_\_\_

## MATCHING - E

Draw lines from the 10-frame on the left to the matching equation on the right.  
Then fill the blank with the correct total.

•  $2 + 4 = \underline{\quad}$   
squares   circles   total shapes

•  $6 + 1 = \underline{7}$   
squares   circles   total shapes

•  $5 + 3 = \underline{\quad}$
