

A.

$$5 \times 4 = \underline{20}$$

Number of groups: 5Size of each group: 4Total: 20

B.

$$5 \times 2 = \underline{\quad}$$

Number of groups: Size of each group: Total:

C.

$$5 \times 3 = \underline{\quad}$$

Number of groups: Size of each group: Total:

D.

$$5 \times 5 = \underline{\quad}$$

Number of groups: Size of each group: Total:

Name: _____

A.

$$5 \times 2 = \underline{10}$$

Number of groups: $\underline{5}$

Size of each group: $\underline{2}$

Total: $\underline{10}$

B.

$$5 \times 4 = \underline{\hspace{2cm}}$$

Number of groups: $\underline{\hspace{2cm}}$

Size of each group: $\underline{\hspace{2cm}}$

Total: $\underline{\hspace{2cm}}$

C.

$$5 \times 3 = \underline{\hspace{2cm}}$$

Number of groups: $\underline{\hspace{2cm}}$

Size of each group: $\underline{\hspace{2cm}}$

Total: $\underline{\hspace{2cm}}$

D.

$$5 \times 5 = \underline{\hspace{2cm}}$$

Number of groups: $\underline{\hspace{2cm}}$

Size of each group: $\underline{\hspace{2cm}}$

Total: $\underline{\hspace{2cm}}$

Name: _____

Multiply & Divide within 100 (P)

A.

$$5 \times 7 = \underline{\quad}$$

Number of groups: _____

Size of each group: _____

Total: _____

B.

$$5 \times 9 = \underline{\quad}$$

Number of groups: _____

Size of each group: _____

Total: _____

C.

$$5 \times 6 = \underline{\quad}$$

Number of groups: _____

Size of each group: _____

Total: _____

D.

$$5 \times 8 = \underline{\quad}$$

Number of groups: _____

Size of each group: _____

Total: _____

Name: _____

Problem of the Day Lesson 39

In each model, an ellipsis is used as a shortcut for showing equal groups.

- a. The ellipsis represents group _____ and group _____.

- b. The ellipsis represents group _____ thru group _____.

- c. The ellipsis represents _____ equal groups of 8.

- d. The ellipsis represents 3 equal groups. The last group is group _____.

Name: _____

MATCHING - A

Draw lines from each bar on the left to the matching description on the right.

• 7 groups of 6

• 8 groups of 7

• 6 groups of 4

• 8 groups of 9

• 9 groups of 6
