

Show the parts. Find the total.

a. The parts are 2 and 2.

$$\begin{array}{c} \underline{\quad} \\ \text{part} \end{array} + \begin{array}{c} \underline{\quad} \\ \text{part} \end{array} = \begin{array}{c} \underline{\quad} \\ \text{total} \end{array}$$

b. The parts are 4 and 1.

$$\begin{array}{c} \underline{\quad} \\ \text{part} \end{array} + \begin{array}{c} \underline{\quad} \\ \text{part} \end{array} = \begin{array}{c} \underline{\quad} \\ \text{total} \end{array}$$
