

Color the scaled, horizontal bar graph to show the number of centuries.

Multiply years by thinking in centuries.

$$\begin{aligned}
 6 \times 300 \text{ yr} &= \underline{6 \times 3} \text{ centuries} \\
 &= \underline{18} \text{ centuries} \\
 &= \underline{\quad\quad} \text{ years}
 \end{aligned}$$

$$\begin{aligned}
 8 \times 600 \text{ yr} &= \underline{\quad\quad} \text{ centuries} \\
 &= \underline{\quad\quad} \text{ centuries} \\
 &= \underline{\quad\quad} \text{ years}
 \end{aligned}$$

$$\begin{aligned}
 7 \times 800 \text{ yr} &= \underline{\quad\quad} \text{ centuries} \\
 &= \underline{\quad\quad} \text{ centuries} \\
 &= \underline{\quad\quad} \text{ years}
 \end{aligned}$$

$$\begin{aligned}
 9 \times 900 \text{ yr} &= \underline{\quad\quad} \text{ centuries} \\
 &= \underline{\quad\quad} \text{ centuries} \\
 &= \underline{\quad\quad} \text{ years}
 \end{aligned}$$
